

FLEA CALLER

"MEASURE UP" FUNDRAISER

What's the one question always on the mind of a snowmobiler - is there enough snow to go riding? We have partnered with a local craftsman to offer two options of a one-of-a-kind metal snow measuring stake. Both options - 'Snow Fleas' or 'Let It Snow' come in either black or red.

Priced at \$115, they will be available through pre-paid order only until Nov. 19th. All orders will be available for pickup on Sat., Nov. 28th from 10 am to 2 pm at the Cook Shack. Because of size and weight, shipping is not available. Orders arriving after Nov. 19th will not be able to be processed due to fabrication time.

An order form is included with this newsletter and can also be found on our website. Please email the Club with any questions.

THREE OPEN OFFICER POSITIONS

Dot Ramsdell has indicated this will be her last season as Treasurer. We are looking for an individual to work with Dot this season and then take over the position for next season. The individual is responsible for keeping the Club's financial records - checking, etc. and reporting the information at Club meetings.

Due to health issues, Karen Marini will be stepping down from her positions as Secretary and Membership on Dec. 31st. She will be available to answer questions for the remainder of the season. The Secretary takes the minutes of Club and Officers' meetings and creates any correspondence the Club needs. There is a Secretary's notebook that has the formats used for minutes, correspondence, etc.

With the change to online TMA sales only, the Membership position is now responsible for keeping track of current Club members using the TMA Reports provided to the Club by VAST. Membership also maintains the list of members

who volunteer on Club projects during the year so their names can be entered into our annual drawing for Volunteer TMAs.

We need these positions to be filled for the Club to operate efficiently. We also want to see the Club continue to grow, so we need new people with new ideas to become involved.

Please contact Joe Marini for more details on these positions.

TRAIL 106 REOPENED

It took several years and the joint effort of Joe Marini and Barry Messer from Hawk's Mountain Ridge Riders (Springfield) but we are pleased to announce the reopening of Trail 106 from Brook Rd. to Moriglioni Road. Thanks to Barry, Joe, Jeff Stearns, and Dan Tiernan the last 60 yards of the trail was cleared, stumped, and flattened on Oct. 28th.

If you don't want to wait until the season starts to see the new trail, photos can be found on the Club Facebook page.

COOK SHACK

We are making plans to open the Cook Shack in January weather permitting. We will be following Vermont COVID guidelines. There will be signs requesting social distancing, wearing masks, and hand sanitizer will be available. All condiments will be individual packets.

There will only be one person working in the Cook Shack at a time. We ask that people have patience and respect our efforts to keep everyone safe.

We will also be practicing social distancing in the eating area with only two tables under the roof enclosure and one table outside.
